

STATEMENT OF BRUCE KNOLES
CANDIDATE FOR MAYOR
AZUSA CITY GENERAL MUNICIPAL ELECTION

Age: 64

Occupation: Director, San Gabriel Valley Municipal Water District, Division 5

I have chosen to run for Mayor of Azusa because I wanted to provide the residents of Azusa with a choice. Though I did not have the option to be born here, I did choose to move here and establish my permanent residence here in Azusa. We have lived in our current home here for sixteen years, which I know is a very short time compared to the well-established families that have lived here for generations. I have spent the last several years serving our community and its residents in many capacities. As a former Cultural and Historical Preservation Commissioner and more recently your elected Director for the San Gabriel Valley Municipal Water District, I have the political experience to further serve our community. It is my desire to bring dignity and cooperation to city government, to allow change and growth where needed and to preserve what we can of our cherished heritage. Please exercise your right to vote on March 3rd 2020.
